

POWER+

OPTIPLEX 8.0kW Fiber
laser-cutting machines
integrate **POWER+** exclusive
technology.

**Intelligent performance for
maximum productivity**

The OPTIPLEX 3015/4020 Fiber series features Intelligent Technology that delivers higher cutting speeds, maximum throughput and uncompromised quality.

- Multi-Function Torch and Nozzle Changer technology increases productivity by allowing the machine to optimize the setup automatically.
- New PreviewG control with 19" SXGA TFT monitor with touch screen includes integrated tech tables that simplify operation.
